The Quadruple Helix Approach

Urban Cooperative Action Plan (UCAP)

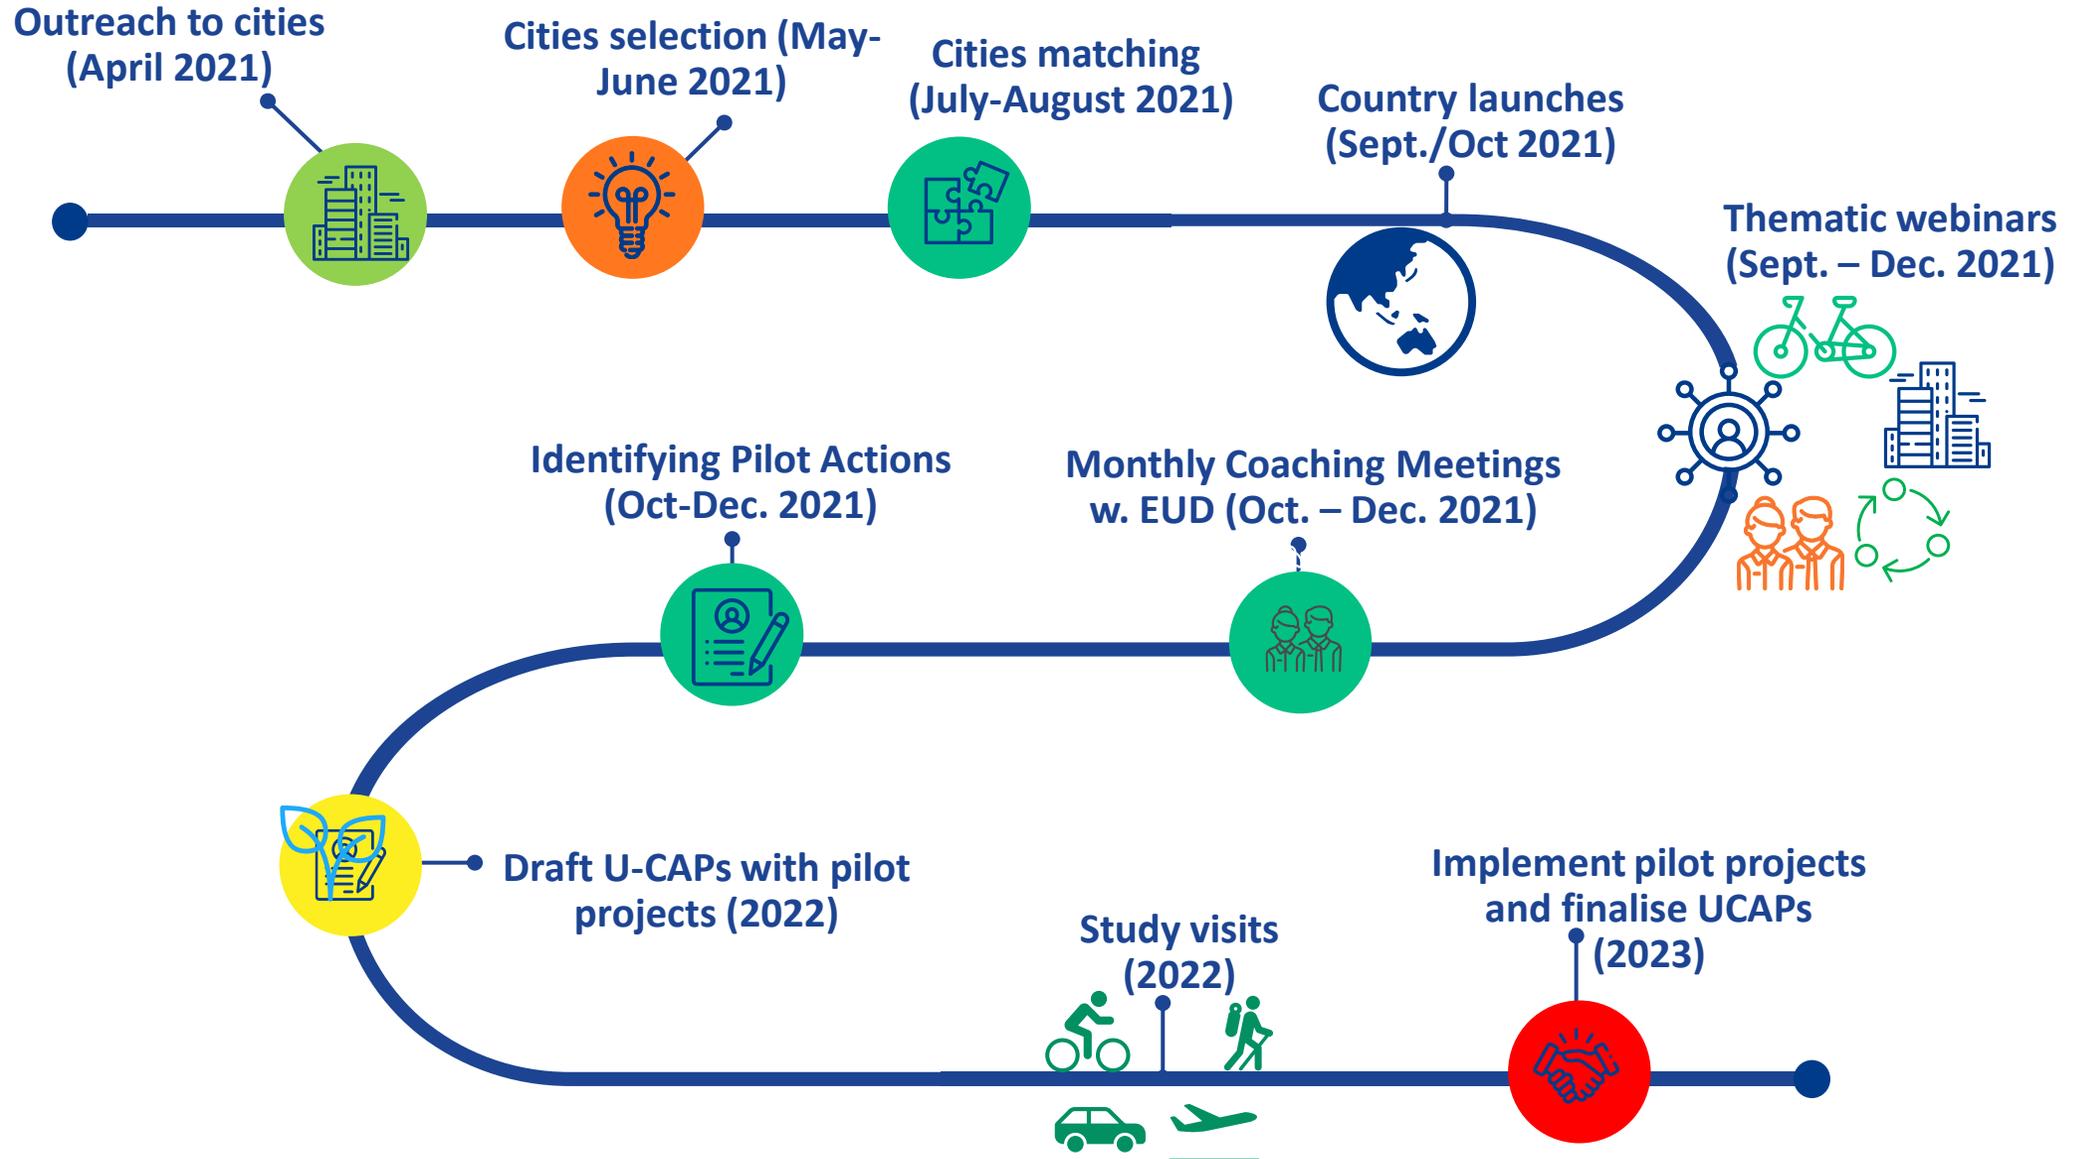

- Identify key 4-Helix **stakeholders**
- Effective **matching & coaching**
- Identify **key concrete projects**
- Streamline **communication** (e.g. social media groups)
- **Follow-up** regularly (online)
- Define **decision-making** mechanism
- Develop implementation **roadmap**
- Remain at **project-level** work
- Promote **self-initiatives** by stakeholders

UCAP / Pilot Projects / Competitive Fund

- Based on **IUC** Asia experience
- Promote city engagement for **short term actions** within the city or thematic clusters & **UCAPs**.
- Encourages cities to propose **innovative** and **sustainable** pilot projects in the short term that benefit the sustainable urban development.
- Applications must be submitted by the **EU cities**, since the benefit should be primarily for them.
- Moreover, this will inspire other cities to **replicate** actions, thus creating a regional **community of practice**.
- **Time: 2022 - 2023**
